

Robin's Song

"Equipping people and training them to provide safe, clean drinking water for their communities"

December 2017

Our Purpose:

To make available clean drinking water in areas of great need.

To help people to support themselves with an income from drilling the deep wells.

To show God's love to the people we serve that they may know Him as their personal Lord and Savior.

Four Wells

We are making final preparations to travel to Chad next month to install not 1, not 2, or 3, but **4 water wells, thanks to the many contributions** that have been received by all of you wonderful people. We are overwhelmed by the tremendous generosity that you have shown throughout the year to enable us to make this the best drilling season yet in Chad.

There is a group of 20 villages outside the town of Doba that have really been affected by the extreme economic conditions in Chad. As farmers, they depend on growing and selling cotton to provide for their families. The price of cotton has been depressed for the past 3 years and so what money they do get from the cotton is barely enough to get by. We have met with the elders of the villages and have identified the most needy among them to help at this time. They are all within a few miles of each other and we will be able to stage the material and supplies close and have plenty of help from the villagers. I can only imagine the excitement they must feel as the time gets closer. It should be a festive occasion for everybody and the biggest thing to come to that area in a long time. The local church will be involved with the construction activities and provide a service at the end where they give thanks to God and dedicate the well to His service.

With these **wells** and the wells already completed, Robins Song will have a part in providing fresh, **clean water** for 12,000 people. That is a lot of people whose lives are changed forever by a small number of people like you, that have been blessed by God and have chosen to help in the vision of supplying their basic needs in the name of Jesus.

We at Robin's Song want to wish you the warmest Christmas season with your families and look forward to updating you as the wells are installed and provide pictures and videos on our new website for your enjoyment.

In Christ,

Mark Griffioen
